**Craig Ranch Names Miles Prestemon as Chief Operating Officer**  
Industry veteran takes over helm of development  
*Craig Ranch Information Center opens to public*

Craig Ranch announced the appointment of Miles Prestemon as Chief Operating Officer in May of 2009. Prestemon oversees all development direction, implementation and managing of the residential and commercial components of Craig Ranch, a 2,200 acre mixed-use development in McKinney, Texas.

“Craig Ranch is realizing tremendous growth and needs an experienced executive to manage the day-to-day operations,” said David Craig, President and CEO of Craig International. “We need smart, strategic leadership, especially in tough economic times. Miles has a wealth of industry knowledge and I am confident he is the right person to take Craig Ranch to the next level.”

Prestemon was previously the Senior Vice President of Operations for Newland Communities where he oversaw the development of Stonebridge Ranch in McKinney, one of the most successful master-planned communities in the country.

“Craig Ranch is positioned in one of the best geographic locations in the entire U.S.,” said Prestemon. “I am extremely excited about this opportunity because David and our investors are committed to the growth and long-term vision of this development. People who live here, love it because of the superb quality of life and innovative community.”

One of Prestemon’s first orders of business was opening the Craig Ranch Information Center. The 7,500 square foot center provides potential homeowners and businesses with valuable resources on schools, daycares, shopping, churches, retail, hospitals and community amenities. The center offers tours of the development and showcases a master plan map table and general information on builders. For more information, contact the Information Center at 972-529-5700 or [www.craigranchtx.com](http://www.craigranchtx.com).
